We highly recommend Gary and his organization. He certainly cares deeply for every player. His knowledge of soccer and universities in the USA is vast!

At Manchester City FC we pride ourselves on excellence for all our players that's why we choose ALL PRO and Gary Walker for our Academy players.

- Mark Allen Former Manchester City Academy Director.

All Pro/Educate USA Deliver the very best programs, they go above and beyond caring for students. I highly recommend their organization.

- Billy Hughes MBE Manchester City FC Academy

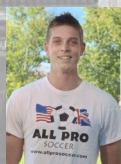

I went into the draft and signed for DC United having completed a four-year degree at Clemson. Having been voted the MVP and captained the team I owe so much to All Pro for helping me get to this point. They continue to guide and help both myself and parents.

- Paul Clowes, Manchester City FC

The coaching and care at All Pro took my game to the next level. I'm now playing in the USA National team and entering into college at the highest D1 division. There are so many steps to university and All Pro gave me the road map to succeed!

- Abby Pyne Duke University and the American National team U18

Having been released from City I truly didn't have a direction to follow. All Pro found the ideal university both on the pitch and in the classroom. I've just graduated and now I'm taking my master's degree and commencing my coaching career. All Pro continue to help and have been like parents to me!
